

# Virtual Learning Materials

***TIME for Kids* is committed to supporting educators around the world during this time. We have opened up all of our content and will provide these resources on a weekly basis throughout the school year. Please share with fellow educators!**

## On Track

### In the Magazine

The following articles are in the print edition of the magazine. We've included discussion questions you can post or assign to students as they read. You can use either the magazine's [PDF version](#) or its [e-reader version](#). The links will take you to online versions of the articles at [timeforkids.com](http://timeforkids.com).

**"Types of Trains"** (pp. 2-3) Join TFK as we explore the world of trains.

#### Discussion Questions

- What are the four different types of trains you learn about in this article?
- Where can you find a monorail?
- Which train would a passenger not travel on?

#### Resources

- After reading *On Track*, [use this downloadable worksheet](#) to answer questions about five different high-speed trains.

**"From S-l-o-w to Fast!"** (p. 4) Compare trains from past and present.

#### Discussion Questions

- How have trains changed over time?
- What can you learn from the photos about the two trains?

### Additional Resources

#### Pinterest Board

- [Click here](#) to check out the roundup on our Train Activities Pinterest board. Invite kids to try one or more of these activities at home.
